MGCCC Health Requirements forms for Health Care Programs
WHERE TO GET IMMUNIZED

If you are currently working in a healthcare facility, check with your employer to see if the TB test and vaccines are offered free of charge. Some insurance companies will cover the cost of the vaccines or titers (blood tests). If your insurance company will not cover the cost of the vaccination or titers, you will be responsible to cover the cost. Immunizations can be arranged through your private physician, County Health Department or by a Medical Analysis clinician. MGCCC has partnered with Medical Analysis Health Care to provide healthcare for employees, their eligible dependents, and credit students. Advance appointments are recommended by calling the clinic appointment line. Walk-ins are welcome upon availability, but remember, there could be a lengthy wait. The Clinic offers Family Nurse Practitioner and Lab Tech/Clinic Coordinator.

Students must go to a Medical Analysis clinic for substance testing; however, they may also use the campus clinic to obtain a physical or immunizations. Students MUST NOT make appointments at more than one clinic. Only if an appointment is not available should a student call or go to one of the other campuses or the additional clinics listed below.

SUBSTANCE TESTING INFORMATION

1. The substance-testing (drug screen) schedule will be provided in a timely manner each semester. Students MUST follow the schedule as directed.

2. If a student presents to the clinic for a drug screen outside of the scheduled time, they will need to obtain a letter from the program coordinator or chair approving the revised testing time.

3. Students will be provided a copy of their NEGATIVE drug screen result to submit to the program coordinator. Students will not receive a copy of a NON-NEGATIVE (POSITIVE) drug screen result. NON-NEGATIVE urine is sent to the lab for further testing. If the result is still NON-NEGATIVE, the student must return to the clinic to see the Nurse Practitioner and bring proof of a prescribed and/or legal medication that gives a NON-NEGATIVE result; in addition, the result will be sent to the Dean of Health Sciences. Thereafter, the dean will contact the program coordinator or department chair with results. If a student is consuming illegal substances or does not have a legal prescription, the NON-NEGATIVE result will also be sent to the dean as the medical release officer (MRO).

4. A Urinalysis (U/A) is not required for physicals; however, the Practitioner may request one if he/she feels it is clinically necessary.

For frequently asked questions related to Medical Analysis, please visit the following link: https://www.mgccc.edu/employees/health-clinics/

As you undergo immunization, it is very important not to miss an injection. If you cannot have an immunization, a medical waiver form must be completed and signed by your physician and accompany your immunization form. See your Program Coordinator for a waiver form.
Immunization records are required for most health care positions. Students are to make a copy of their completed forms and file original with their important papers for future job applications and/or program requirements. Program staff and administrators will not be responsible for making copies and/or providing copies for student’s personal or professional needs. Completed forms and any supporting documents (i.e., lab titers) are to be submitted to your program faculty or staff member according to specified program guidelines.

**Incomplete forms are unacceptable.**

**Before submitting your forms, look them over very carefully to assure that:**

- All sections (Part I, II, and III) are completed in indelible ink, do not leave blanks – use N/A where appropriate.

- There are no missing signatures.

- Information about health insurance is listed or “none” is indicated (include insurance provider and your account number or indicate copy of insurance card is attached).

- Someone is identified for emergency notification if you are seriously ill or injured.

- Dates of your last dental and vision exams are recorded or use “Unknown” or use N/A.

- Allergies to medications or other substances are listed or you have put “none known”.

- You, the student, have signed and dated the bottom of **Part I**.

- Your health care provider completed, dated and signed the bottom of **Part II**.

- Correct information is listed for each immunization or screening in Part III. Please read the instructions for each item carefully.

- Your health care provider or nurse has signed the bottom of **Part III**.

- If you are using titers to show evidence of immunity, you must attach copies of laboratory tests for each titer (this is in addition to any vaccination “shot” records).

- If you declined the Chickenpox or Hepatitis B vaccination, you and your health care provider completed the appropriate waiver.

- You have scanned your form and saved it as a PDF on your PC. *(It is Recommends that you name your document: Health Requirements First Name Last Name Month-Year)*
PART I - STUDENT BACKGROUND INFORMATION
To be completed using ink and signed by student.

5. **Ability to meet Core Performance Standards:**

Please refer to Mississippi Gulf Coast Community College Health Sciences Division Core Performance Standards (pages 6 & 7) and indicate if the above-named individual may have difficulty in meeting one or more of the core performance standards required for enrollment in a Health Sciences program.

**MGCCC Health Sciences Division Core Performance Standards**

The Health Science Division at Mississippi Gulf Coast Community College developed the following Core Performance Standards for all applicants desiring to enter a Health Care Career Program. These standards are based upon required abilities that are compatible with effective performance in health care careers. Applicants unable to meet the Core Performance Standards are responsible for discussing the possibility of reasonable accommodations with the designated institutional office. Before final admission into a health career program, applicants are responsible for providing medical and other documentation related to any disability and the appropriate accommodations needed to meet the Core Performance Standards. These materials must be submitted in accordance with the institution’s ADA Policy.

MGCCC Health Requirements forms for Health Care Programs
PART III - Required Immunizations  To be completed and signed by the Nurse or Healthcare Practitioner

Part III form can be completed signed and dated by a licensed health care provider (MD, DO, ARNP, PA) or nurse or health department staff. Take your immunization records and documentation of disease with you to your appointment. If immunization records are not available, the HCP will determine what vaccinations tests or titers are necessary. **Documentation of the items below are required as listed in the clinical affiliate agreements/contracts.**

| REQUIRED IMMUNIZATIONS Information and Schedule Provider information: |
| All students must show proof of immunity (“proof” = vaccination records, Form 121 from the department of health or other medical record) and/or documentation of current vaccination to varicella, hepatitis B, rubeola, mumps, rubella, tetanus, diphtheria and pertussis. Evidence (shot record) of influenza (flu) vaccination may also be required by the clinical facility. If proving immunity by titers, lab reports documenting each titer must also be attached. |

### 1. TB Skin Test – PPD* or QFT (refer to Program information/syllabus for details)

Negative Mantoux PPD (Attach PPD form with results) or negative QFT (lab result attached) **within Last 6 months.** If positive TB test, CXR results (attach report)

*The 2 step is required when skin test documentation has not been provided and/or has not been administered in consecutive years. Example: Year 1 and 2 skin tested; skipped year 3; year 4 requires 2-step.

### 2. Adult DPT

**All healthcare personnel (HCP) who have not or are unsure if they have previously received a dose of Tdap should receive a one-time dose of Tdap as soon as feasible, without regard to the interval since the previous dose of Td. Then, they should receive Td boosters every 10 years thereafter.**

**HCP Vaccination Recommendations Centers for Disease Control and Prevention, March 2011**

### 3. Varicella

Evidence of immunity by one of the following: Positive Titer OR Two doses of vaccine

### 4. Hepatitis B

Evidence of immunity is mandatory for all Health students and includes either:

Completion of series OR Positive Titer of HBsAb. First dose must be documented prior to submission of health forms; verification of additional doses must be submitted as received.

### 5. MMR

All students (regardless of age) must have documentation of **either** two (2) MMR vaccinations OR Documentation of sufficient titers for Rubeola, Mumps and Rubella. Those who have an “indeterminate” or “equivocal” level of immunity upon testing should be considered **non-Immune**

### 6. Flu Vaccine

Evidence of FLU VACCINE **May be required by clinical site*** OR Medical contraindications and/or other refusals will require student to wear mask during clinical experiences and sign a facility declination form.

***Required Annually during flu season: Oct 01 to March 31***
PART III - Required Immunizations  To be completed and signed by the Nurse or Healthcare Practitioner

   - #3 Date: mm/dd/yy
   - #4 Date: mm/dd/yy
   - #5 Date: mm/dd/yy
   - #6 Date: mm/dd/yy

3. **Varicella**
   - Titer Results
     - Must attach copy of Lab results
   - Vaccination #1
     - Date mm/dd/yy
   - Vaccination #2
     - Date mm/dd/yy
   - Positive titer *OR*
   - 2 Vaccine doses

4. **Hepatitis B**
   - Titer Results
     - Must attach copy of Lab results
   - Vaccination #1
     - (Required before program)
     - Date mm/dd/yy
   - Vaccination #2
     - (1-2 months)
     - Date mm/dd/yy
   - Vaccination #2
     - (4-6 months)
     - Date mm/dd/yy
   - Completed Series *OR*
   - Positive Titer HBsAb

5. **MMR**
   - Titer Results
     - Must attach copy of Lab results
   - MMR Vaccination
     - #1 Date mm/dd/yy
   - MMR Vaccination
     - #2 Date mm/dd/yy
   - Vaccination Date
     - mm/dd/yy
   - 2 Vaccine doses *OR*
   - Enter vaccine doses >>
   - Titer: Rubeola IgG
   - Titer: Mumps IgG
   - Titer: Rubella

6. **Flu Vaccine**
   - Annually during flu season:
     - Oct 01 to March 31 if required
   - 12 months before program:
     - Date mm/dd/yy
   - Subsequent Vaccine #2
     - Date mm/dd/yy
   - Subsequent Vaccine #3
     - Date mm/dd/yy
   - Subsequent Vaccine #4
     - Date mm/dd/yy

I certify this student has received the TB test and immunizations as indicated above or has provided immunization records and laboratory evidence of immunity, attached to this form.

**Signature of Nurse or Health Care Practitioner**

**Date (MM/DD/YEAR)**
