## **DEDICATION**

We the Perkolator Staff proudly dedicate the 1965-66 annual to

#### MISS BARBARA SUE ROSS

who is a native of Gautier, Mississippi, a graduate of Perk and the University of Southern Mississippi.

Miss Ross serves on numerous committees, heads the cheerleading clinic held at Perk each summer, serves the Basketball team as Official Score Keeper, teaches health, and girl's physical education, and heads the tennis teams.

During her leisure hours, she enjoys fishing, golfing, and according to her close friends, is a "sharp" bridge player. The various activities in which she participates makes her the "friend" she is to all, a valuable instructior, a hard worker, and a truly GENUINE PERSON.

#### Dear Students:

I sincerely appreciate having had the opportunity to work with you this year and feel that the time has passed all too quickly.

I feel very deeply the responsibility which holds me accountable for part of the development of so many young lives. In the years to come, I do hope your educational experiences with us will give you a resource which will fortify you as you meet life's demands and obligations. If this proves true, then those of us who have served in the capacity of faculty and staff will feel that we have made a contribution to you and to our fellow countrymen.

September 1965 was a real milestone in Perk's history when the two new branches of Perkinston College opened their doors to their communities. The Mississippi Gulf Coast Junior College District began to function at top speed with the three colleges in operation from eight o'clock in the morning until ten o'clock in the evening to better serve the youth and adults of our four-county area. We feel that the branches will extend the standards of excellence which have so long been expected of Perkinston graduates.

Our success is dependent upon your support and we ask your continuing assistance to improve the educational programs we offer. With your help, our College District will contribute much toward the growth and continued development of South Mississippi.

Sincerely,

J. J. Hayden, Jr.
District President

## NIGHTS AND DAYS

The nights and days of the year have been varied. There were those wonderful nights of leisure; nights of studying or should we say cramming. The long hours spent in the office finishing up work, Perkettes traveling and entertaining at half time, alumni work done by students at homecoming, and the annual staff trying their marksmanship are a few of the many activities which make up the Gulf Coast Junior College life.
