THE BOARD OF TRUSTEES

The public junior colleges of the State of Mississippi are under the authority of the Junior College Commission, which administers state laws pertaining to these institutions. The State Superintendent of Education is chairman of this ten-member commission. The executive secretary of the Junior College Commission is the Director of the Division of Junior Colleges, a division of the State Department of Education.

On the local level, the Mississippi Gulf Coast Junior College is under the legal jurisdiction of a twenty-nine member Board of Trustees. Of this membership, four are the Superintendents of Education of Harrison, Stone, Jackson, and George Counties who are elected for four-year terms. The other twenty-four are appointed by the respective Boards of Supervisors for staggered five-year terms. These trustees are representatives of the People of the four-county area which supports the Mississippi Gulf Coast Junior College.

In the summer of 1911, the Harrison County School Board established the Harrison County Agricultural High School, an action which marked the beginning of the present Mississippi Gulf Coast Junior College. As an inducement to locate the school at the little town of Perkinston, a number of prominent citizens donated 656 acres of land and 626 dollars. Their efforts were successful, and, with three buildings, the institution began operation in 1912.

In 1916, Stone County was formed from the northern part of Harrison County and the school continued under their dual support.

Realizing that a new educational concept -- the Junior College -- was ideally suited to the needs of Mississippi, the Legislature enabled the counties to cooperate, with the State, to offer education beyond the high school level to all who could profit from it -- and in their home community. One of the first junior colleges to be organized was founded as an addition to the Harrison County Agricultural High School.

Under its new name, the Harrison and Stone County Junior College and Agricultural High School offered the freshman year of college in the 1925-26 session; the sophomore year was introduced, and the first class with one graduate finished in the 1926-27 session. In the summer of 1926, Jackson County joined the two original founders; in 1941 George County added its support.

The institution served the needs of its community through depressions and wars, endeavoring to fulfill its purpose: "To develop the cultural, intellectual, and character resources of the people of this area, point the way to an economic livelihood based on natural resources, and promote responsible citizenship."

In 1962, exactly 50 years after its organization, the Agricultural High School division was discontinued since local high schools adequately provided for the youth of the community. Perkinston Junior College continued to grow, both in number of students and in program offerings which included both technical and vocational training beyond the high school level. In this same year, after surveys pointed out an alarming growth rate for the entire area, a Master Plan for Expansion was drawn up, whereby the future needs of the growing community could be more fully met. By 1964, with an enrollment of 1,474 students, the Perkinston Campus was more than ever crowded.

In May, 1962, the Governor of the State of Mississippi signed into law House Bill 597 which created the Gulf Coast Junior College District. This bill wiped out county lines as far as the college was concerned -- the area became a District, a single unit in which each taxpayer shares equally to support junior college education for the area. In order to bring higher education to the people so that they could train and/or refrain to meet the needs of business and industry, to enable young people to live at home, hold jobs, and go to school, too; to bring cultural as well as academic enrichment to people of all ages, Perkinston Junior College and the District became a pilot program for the State (and one of the first in the nation) when two branches of the college were built on the Coast. Extensive surveys and population studies, made by committees of business and civic leaders and education specialists determined locations and offerings for the two campuses. In September of 1965, the Jefferson Davis and Jackson County branches opened; total enrollment for the three campuses was 5787 for the 1965-66 session. To show the continued growth of the college, enrollment for the three campuses for the 1967-68 session was 7748.

The Governor Signed The Bill Creating The District.

Perkinston Campus

There will always be a time in the life of young people when they must leave behind close parental guidance and must be allowed to make their own mistakes and learn from their own adventures. The Perkinston Campus offers the boarding facilities for both men and women students for the District. Some of the buildings and dormitories are now fully air conditioned, and continued modernization and additional buildings make Perk one of the most attractive campuses in the state; an appropriate step between high school and senior college.

Located on a four-lane thoroughfare, U.S. Highway 49, twenty-eight miles north of Gulfport, the Perkinston Campus is situated on 642 acres of rolling land, thirty of which comprise the main campus.

Buses run on regular schedule from the George County area to the Perkinston Campus.

CHARLES G. ODOM, DEAN

HISTORY OF THE MISSISSIPPI GULF COAST JUNIOR COLLEGE

Jefferson Davis Campus

THE CAMPUS AT HANDSBORO, MISSISSIPPI

Named for the President of the Confederacy, the buildings and grounds of the Jefferson Davis Campus have won national awards for beauty, design, and functional excellence. Located at the terminus of Debuys Road, one and one-half miles north of Highway 90, the 120 acres are among the most beautiful on the Gulf Coast. The air-conditioned buildings are connected by covered walks which not only offer all-weather protection for students but also form landscaped courts between the buildings.

With ample room for expansion, the college plant is in continuous operation, for both day and night classes are offered at the junior college, vocational, and technical levels. In addition, several upper-level colleges use the facilities for specialized offerings.

DR. WILLIAM P. LIPSCOMB, DEAN

Jackson County Campus

THE CAMPUS AT GAUTIER, MISSISSIPPI

With a frontage of two thousand feet on heavily-travelled Highway 90, the Jackson County Campus is in full view of the public. Located approximately five miles west of Pascagoula, and situated on 92 acres of rolling land which terminates at Mary Walker Bayou, the buildings are functional as well as beautiful.

The plant has won national awards of merit for design, and because of the enthusiastic support of business and industry of the area, the buildings are in full use both night and day as the people take advantage of their opportunity to work and learn at the same time.

Continued expansion of course offerings has led to continued planning and building as needs arise.

PASADENA, CALIFORNIA

A NEW LOOK

For the first time in several years a team from other than California has made the number one spot. We think people are so "anti-California" to see a California team in the top spot (or two) this will come as a bit of a shocker. PERKINOTON, Miss., number one? As we have said for years and years, we rate 'em as though the season ended last weekend. That is, we rate them on the competition played to date and how tough it was and how they did against it - not on who they have to play yet and how they may do. PERKINOTON will be represented in this section next week as some of the top rated teams meet each other.

IN MEMORIAM

Joe French Broadus, was fatally injured in an accident. To the community, to his family and Perkins College, this was a severe shock and a tragic loss.

Everyone that knew him had the utmost respect for him because he believed in what he said. He will be remembered as the greatest guy we have ever known.

Editor's Message	page 152

The Jefferson Davis BEAUVOIR is an endeavor to present a complete picture of the highlights--academic, social, and cultural--of the 1968-69 school year.

Through the workings of the sponsor, Mrs. Lynn Solieri, the editor, Will Koolsbergen, and especially the photographer, James Davis, the BEAUVOIR has taken its unique form. May it live as a constant reminder of one year at Jefferson Davis College.

Chosen as Most Likely to Succeed were James Curtis, Pam Pike, Maureen Williams, and Will Koolsbergen.

Features

Chosen by the faculty as members of Who's Who in American Junior Colleges were the following Sophomores: Irene Ladner, nursing; Raymond Terry, political science; Nova Line Tubbs, nursing; Jerry Segaves, medicine; Terry Best, nursing; Jean Nation, education; Tom Graves, medicine; Maureen Williams, social studies; Scott Saucier, business; Joseph Cruso, drafting; Lester Gray, political science; James Curtis, law; Pam Pike, history; Will Koolsbergen, English; and Mary Jo Williams, business.

Activities

JEFFERSON DAVIS COLLEGE

PRESIDENT JAMES CURTIS

"We, the elected student representatives of Jefferson Davis College, assuming the responsibilities of self-government consistent with the policies of and the administration of this institution, in order to form a more effective and representative student government, to promote the welfare of every student attending this institution, to train ourselves in the general principles of democratic government, and to prepare ourselves to assume the duties of citizens of the State of Mississippi and of the United States of America, do hereby ordain and establish this constitution for the Student Council of Jefferson Davis College." (Preamble to the Jefferson Davis Student Council Constitution).

Jefferson Davis' Student Council was headed during the 1968-69 year by James Curtis. James was an active participant in school and community functions. He also found time to be a Dean's list student and Phi Theta Kappa member.

Vice-President for the 1968-69 session was Mrs. Maureen Williams. Maureen, an Air Force wife, divided her time between home and school. Her vocation is to be an elementary school teacher.

Irene Ladner was the S. C. secretary. Irene, a nursing student, delegated her time to hospital and S. C. work.

Student Council treasurer for 1968-69 was Will Koolsbergen, an English education major. Will, another Dean's list scholar, also served as President of Phi Theta Kappa.

PHI THETA KAPPA

Phi Theta Kappa is not all wisdom, aspiration and purity--this is shown by President Will Koolsbergen as he pauses, in a tree, to reflect.

PHI THETA KAPPA members: Will Koolsbergen, Mrs. Malone (Sponsor), Jean Nations, Maureen Williams, Jerry Seagraves, James Curtis, Raymond Terry, and Lester Gray.

"That academic excellence among junior college students may be nurtured; that opportunity may be provided for leadership training; that an intellectual climate may be promoted for an interchange of ideas and ideals; and that scholars may be imbued with desire for continuing education, we dedicate ourselves as fellows of Phi Theta Kappa. Among us membership is a privilege earned by qualifications, honor and service. In the conduct of our activities, truth shall be our quest, diligence our staff, and achievement our purpose." (Preamble to the Phi Theta Kappa convention.)

ADMINISTRATION

DR. WILLIAM P. LIPSCOMB, JR.

The administration of Jefferson Davis College was under the capable direction of Dr. William P. Lipscomb, Jr. Dean Lipscomb always managed to find time to help the student of J. D. in any way possible. He always answered the questions, solved the problems, and calmed the fears of the student body of Jefferson Davis College.

MR. WILLIAM VIERLING

Mr. William Vierling, student activities officer at Jefferson Davis College, was a well-known figure on campus. His office was often the scene for many Student Council and student body meetings.

The executive financial officer at Jefferson Davis College was Mr. Glen Cadle. Keeping records, organizing financial activities, and maintaining financial accounts for all clubs on campus - all of these came under the auspices of the school's financial officer, Mr. Cadle.

FACULTY

Though the days of the little red school house are gone--teachers remain to face the mounting problems of the modern age. Planning lessons, grading papers, sponsoring clubs, advising students, and supervising extracurricular activities are just a few of the seemingly endless tasks that are a part of a teacher's life. Yet teachers find time to help. It is the teachers who provide the key to our life. It is their guidance, help, knowledge, and patience which unlock the door to ourself, to our future.

In appreciation the annual staff of Jerrerson Davis College salutes the faculty of this college by dedicating this annual to those who deserve it most, our teachers.

VOCATIONAL-TECHNICAL: AN AREA OF MANY FACETS.

The fall of the 1968 school year at Jefferson Davis saw the addition of a new vocational-technical complex on the northwest corner of the campus. The facilities housed in this complex encompassed the fields of radio broadcasting, practical nursing, carpentry, masonry, woodworking, shipbuilding, refrigeration, and air conditioning, sheet metal work, welding, automotive mechanics, and pipe fitting.

This new facility, under the leadership of Mr. Charlie Scottfield, proved successful in all areas of its endeavor. With the co-operation of various high schools throughout the area, the center guided young men interested in vocational or technical careers.

We at Jefferson Davis were proud of the vo-tech's many accomplishments this year, and may look forward to a future growth from this most important college facility.

Among the many activities at the complex were carpentry and bricklaying.

February 23, 1969, saw the formal dedication of the vocational-technical complex on the Jefferson Davis campus.

Vocational-technical director, Mr. Charlie Scofield, led the vo-tech center in a year of resounding success.

The many aspects of the vocational-technical center included metal works, . . .

machine shop, . . .

The Jefferson Davis radio broadcasting station, under the direction of Mr. Doug Hendon, was the center of the popular WJDC. The students in this area attained practical experience by serving as campus disc jockeys. The list of DJ's included Nunzio Carrubba, Bill Van Alstyne, Guy Alread, Travis Boone, Jane Tucker, Paul Ray Reviere, Bob Tallent, John Rhodes, and David Lord. Other students in the radio department who were not programmers were Bill Lott, Bill Stinski, Aree Caviness, David Sheffield, and Gordy Higdon. WJDC was operated on a closed circuit on campus, affiliated with American Broadcasting Company through the courtesy of WGCM Radio of Gulfport.

Always striving, always learning--here students of the vocational-technical center attend a vo-tech seminar.

Technical equipment of all sorts, . . .

and moments of relaxation.

to the grubbiest (Mr. McKay).

February 14, 1969, was the most unusual day ever witnessed on the Jefferson Davis Campus, for it was "GRUB DAY" as officially designated by the Student Council. Students and faculty tried to outdo each other in wearing the most unusual and colorful costumes. Here this day is captured for all times through the skillful camerawork of photographer James Davis.

None could deny that Orlander Grovesnor was the most colorful grub, to the grubbiest (the students),

EDITOR'S MESSAGE

Our annual is a picture story of one college year, designed to present in pictures and copy the hard work, the play, the defeat, the triumph, the happiness, the depression, the attempts, the achievements of you and your year at Jefferson Davis College.

The annual staff at Jefferson Davis has attempted to present as thorough a picture as possible in the space allowed. The staff photographer, James Davis, has worked many hours to produce the best possible pictures.

The staff sponsor, Mrs. Lynn Solieri, has diligently encouraged everyone to do the best he could. So it is that the 1968-69 edition of the Annual is a combined effort on the part of many students and faculty members.

To the staff, I commend you; to the student body of Jefferson Davis, without whom this annual would be nothing, I present proud recognition. To the administration, I say thanks for the many hours of co-operation.

We, the annual staff, hope you have enjoyed this picture journal. May it serve as a lasting memory of your year at Jefferson Davis College.

Dear Students:

It is a pleasure to work with such a fine student body as you. This college, now in its fourth year of operation, has made great progress in serving the educational needs of the people of this community. You play a tremendous role in making this progress possible.

I hope that the experiences you have had and the knowledge that you have received will make a significant contribution to a successful life. Be concerned about your future and take advantage of every opportunity to better prepare yourself to meet the challenges ahead.

Sincerely,

Curtis Davis

1969 HALL

Sandy Stroud was elected to the 1969 Hall of Fame for her academic abilities and her unique sense of humor.

Sandy, a freshman science major, is a member of Phi Theta Kappa and has consistently made the President's List.

Sandy was a senator from JC at Mississippi's annual Youth Congress.

For his ability to stand out in front and lead others, Don Roberts was named to the 1969 Hall of Fame.

He is a sophomore engineering major who serves as president of the Student Council.

A Dean's List scholar, he has been elected to Who's Who In American Junior Colleges in addition to being chosen as Mr. JC and Sophomore Class Favorite.

Lila Gilliam, a freshman journalism major, represented JC at Youth Congress this year where she was appointed to the rules committee.

A Dean's List student, she serves as vice-president of the Chess & Bridge Club and the Newman Club, as well as Samothrace. She serves also as Features Editor of the 1969 Beachcomber and reporter and columnist for the Gulf Coast Communique.

OF FAME

Recipient of the 1968 Editor's Award, Sandy Robinson serves as the editor of both the campus newspaper and literary magazine.

In addition to being named to Who's Who In American Junior Colleges, this sophomore journalism major is the secretary of the BSU.

For her outstanding academic contributions, Mrs. Faye MacLanis has been named to the 1969 Hall of Fame.

This sophomore math major has been on the President's List every semester besides being listed in Who's Who In American Junior Colleges.

President of JC's honor society, Phi Theta Kappa, she is also the mother of two.

President's List, Who's Who In American Junior Colleges, and the 1968 Art Award are a few of the honors received by William Johnson.

A sophomore journalism major, he has diligently worked to produce the 1969 Beachcomber in addition to writing a column for the campus paper.

Bill also serves as president of the Chess & Bridge Club.

VOCATIONAL AND TECHNICAL DIVISION VOCATIONAL EDUCATION

Sheetmetal

The unit courses in sheetmetal are designed to develop the knowledge required for all phases of building and industrial sheetmetal work.

Practical Nursing

This program trains persons to become Licensed Practical Nurses. Eight months of hospital training follow four months of intensive classroom study.

Pipefitting

This course, designed for beginners, teaches the basic knowledge and skills necessary for entering the pipefitting trade.

Television Production

This program presents a comprehensive approach to the theory and practices applied to the communication broadcast field.

Secretarial Training

This course is designed to train an individual in the basic office skills necessary for employment in the business world.

Welding

The welding program is designed for beginners who have little or no experience in the welding field. Students completing this program will have acquired the knowledge and skills which will enable them to successfully enter the welding trade.

Automotive Mechanics

Automotive mechanics is designed to teach students to become highly skilled apprenticed mechanics and enable them to secure more profitable employment.

Machine Shop

The students in the vocational machine shop are trained in the technical skills needed to operate the necessary tools and equipment in the industrial machinist trade.

TECHNICAL EDUCATION

X-Ray Technology

The Department of Radiology at Singing River Hospital, where students gain their laboratory and practical work experience, is recognized as an extended campus of the college.

Drafting And Design Technology

The drafting and design program provides a comprehensive drafting curriculum. The studies cover most phases of drafting and mathematical skills necessary to translate sketches into working drawings.

Electronics

Technology

The electronics curriculum develops the skills needed by students who desire employment as technicians in the radar, sonar, or communications field.

Computer Programming Technology

The computer programming technology curriculum prepares the students for a job in the field of Digital Computer operations.
