

Windows MGCCC

Connecting to MGCCC SSID on Windows Device

1. Find and Connect to MGCCC SSID →

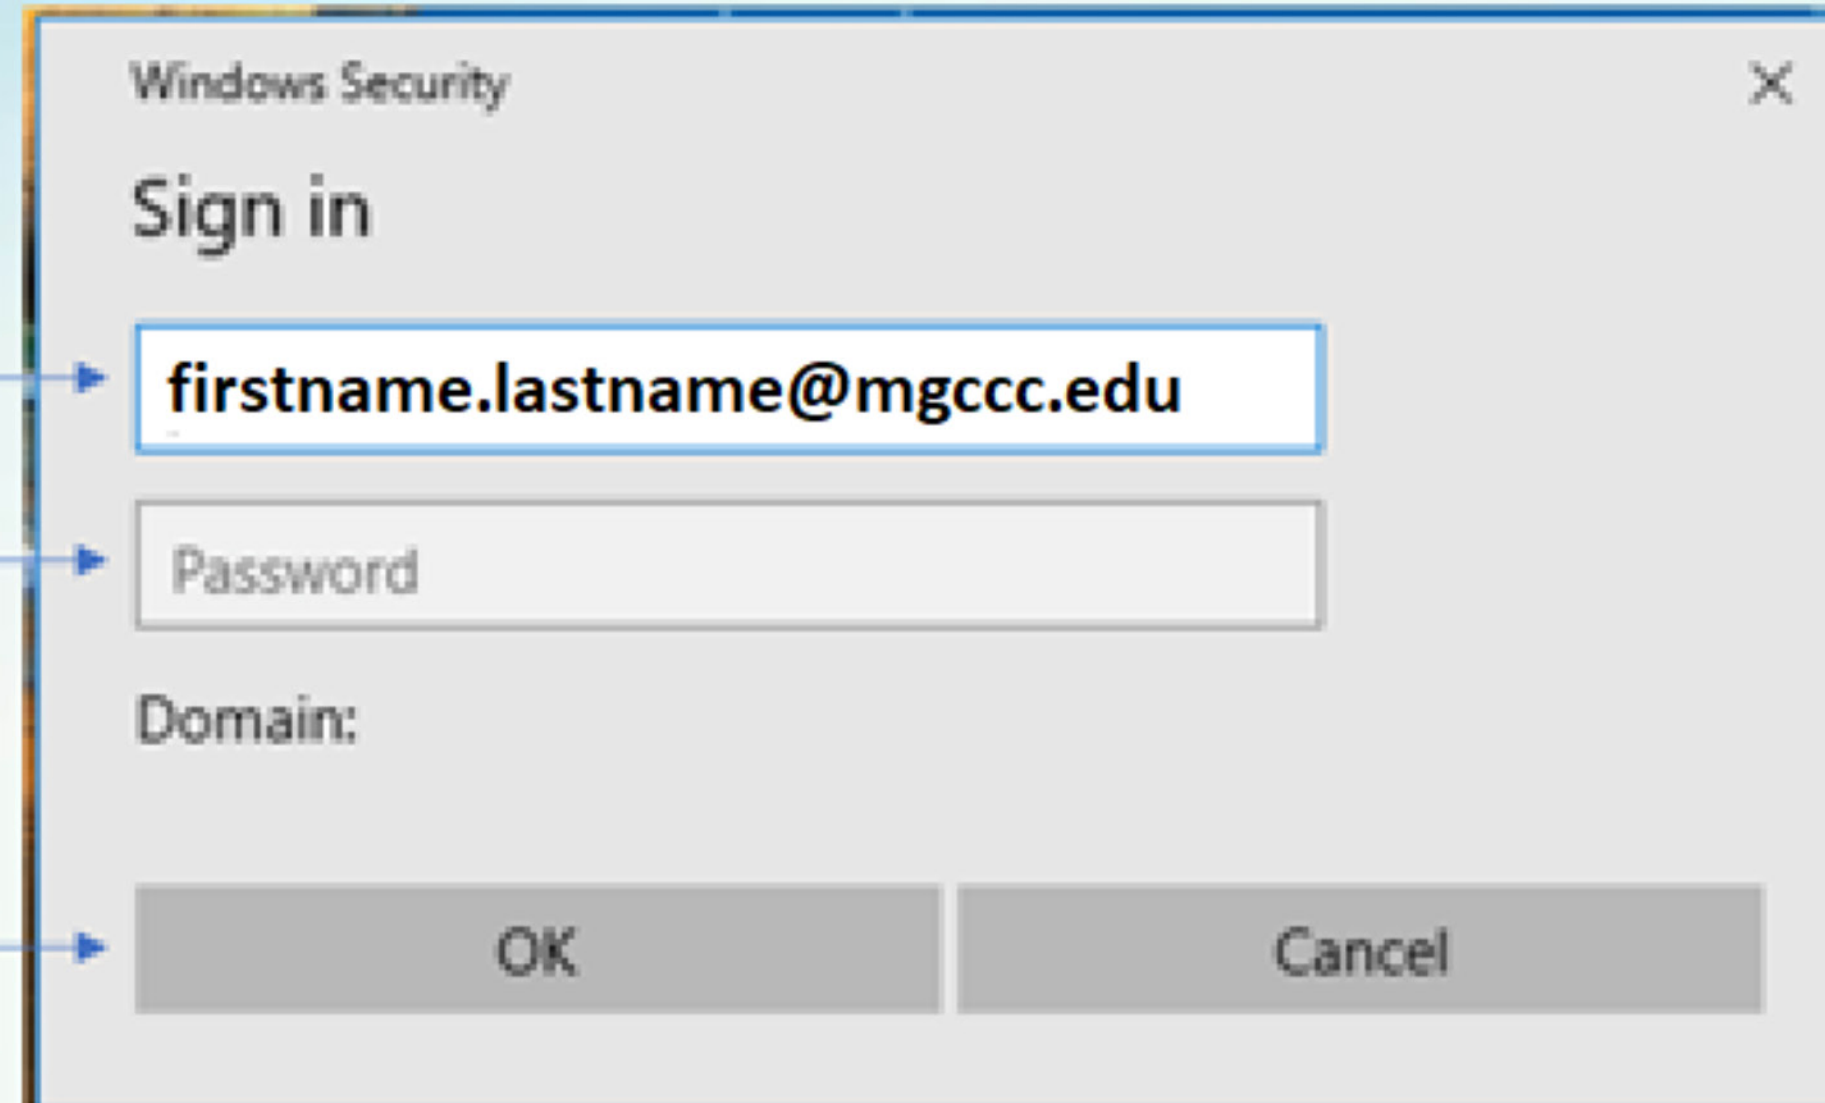

2. You will be prompted with this message. Please press "Connect"

3. Enter MGCCC User ID

4. Enter MGCCC Password

5. Press "OK"

A screenshot of a Windows Security 'Sign in' dialog box. The window has a title bar that says 'Windows Security' and a close button (X) in the top right corner. Below the title bar, the text 'Sign in' is displayed. There are two input fields: the first one contains the text 'firstname.lastname@mgccc.edu' and is highlighted with a blue border; the second one is empty and contains the placeholder text 'Password'. Below these fields is the label 'Domain:'. At the bottom of the dialog box are two buttons: 'OK' and 'Cancel'. Blue arrows point from the instructional text on the left to each of these three elements: the User ID field, the Password field, and the OK button.

6. Your status will show connected once successful.
