2020 Annual Security Report

MISSISSIPPI GULF COAST COMMUNITY COLLEGE POLICE DEPARTMENT

The Campus Police departments support the college's mission by providing a safe and secure environment for students, employees and campus visitors. This is achieved through excellent customer service, education programs, communication and community policing efforts. Through our services, the college maintains an environment that promotes student learning and social development.

All MGCCC police officers are certified law enforcement officers and must meet the provisions of the Minimum Standards Act for Employment, Training, and Education of Law Enforcement Officers. Campus/Center police officers are vested with the same powers as county constables per Mississippi State Statues; 37-29-275 and 19-19-5. It is the intent of the College that all police officers have the ability to bear firearms and thus be certified through the Mississippi Board of Minimum Standards and Training. As deemed appropriate, non-certified contractual security personnel may be utilized at campuses/centers.

The Chief of Campus Police is responsible for the protection of lives and property on campus through the supervision of all law enforcement functions. The Chief is also responsible for efficient operation of the police department through the control of activities, the maintenance of order, and the enforcement of laws and administrative rules. The Chief takes measures to prevent crime and to protect lives and property of the public through the planning of activities, training, assignment, supervision and discipline of all department members. The Chief, in conference with the President and appropriate Vice President, assumes responsibility of maintaining civil order at the campus/center during a natural or manmade disaster. The Chief or designee functions in that assigned role in the campus/center National Incident Management System (NIMS) and the College-wide Emergency Action Plan. Furthermore, the Chief is responsible for limiting further property damage in the wake of a disaster.

The Campus Police staff consist of full-time and part-time certified officers and dispatchers. The staff also may consist of contractual security personnel, as needed, for special functions. Campus Police Officers:

1. Report to the Chief of Campus Police or designee;
2. Maintain law and order on the campus/center;
3. Patrol campus/center on a regular basis;
4. Assist with traffic control;
5. Investigate incidents;
6. Prepare official reports;
7. Check and secure all buildings;
8. Enforce crowd control during all campus special events; and
9. Perform other duties as assigned by the Chief or appropriate Vice President.

CAMPUS SECURITY AND ACCESS TO FACILITIES

Mississippi Gulf Coast Community College campuses and centers are open to the public, but its facilities are limited to educational and administrative activities and approved programs sponsored by college groups. After hour access to campus facilities requires the approval of the appropriate college authority before Campus Police will allow access.

College facilities and landscaping are maintained to minimize hazardous conditions. Malfunctioning lights and other unsafe conditions should be reported immediately to the Maintenance Department on the specific campus/center location or after hours by notifying Campus Police.

Of special concern are the residence halls located on the Perkinston Campus. On-campus residence halls currently house 876 men and women each semester. Each resident is provided with a key to his or her room. Main entrances of residence halls are always locked, but residents have access to the main entrances by using their personal ID card with the card access reader system installed in each dorm. The Exit Only or Emergency Exit Only exterior doors are locked to prevent entry from outside the building at all times. Students may not prop open or alter a door so that it will not properly close.

Students are expected to report lost, stolen or missing keys or ID access cards immediately to Campus Police or the Office of Residence Life. Students may not admit unauthorized or uninvited persons into the hall after visiting hours have ended.

PREPARING THE ANNUAL DISCLOSURE OF CRIME STATISTICS

Mississippi Gulf Coast Community College prepares the combined Annual Security and Fire Safety Report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and the Higher Education Opportunity Act. The Chiefs of Campus Police at each college location will be responsible for ensuring that the proper reporting and filing of incidents occurs at each Campus/Center. Records are maintained in a designated campus/center location. Statistics compiled from offense reports will be submitted to the office of the Coordinator of Administration and Safety Management using the standard crime-reporting format. Crime statistics must be maintained and statistics concerning number of arrests must be reported.

Each campus/center will provide annual educational programs to inform all employees and students of the campus police policies and reporting procedures, including crime, drug, alcohol, sexual misconduct and safety awareness and prevention programs. Programs will be designed to encourage students and employees to be responsible for their own safety.

Campus Deans of Student Services and Center Administrative Deans will submit to the Compliance Officer/Title IX Coordinator an annual report describing the frequency and type of educational awareness and prevention programming. Incidents which require investigation and enforcement beyond campus/center police abilities will be referred to the appropriate local, state, or federal entity. Complete and accurate records must be maintained by the campus police department on all referred cases.

Each campus and center will develop and publish local procedures for students and employees to follow when reporting emergencies or criminal actions. In addition, procedures must be published at each location outlining the campus police department's methods for responding to reported emergencies.

All students and employees are notified annually via email of the availability of the Annual Security and Fire Safety Report on the college website.

TIMELY WARNINGS

In conjunction with the President's Office, Campus Police and the Emergency Response Teams at each location are responsible for issuing timely warnings. Should a situation arise that constitutes an ongoing or continuing threat to students and employees, a timely warning will be issued through multiple means such as the college's emergency notification system (Regroup) using text, voice call or email; the college's emergency telephone system located in classrooms and offices or social media.

The decision to issue a timely warning shall be made on a case-by-case basis after careful consideration of the facts. The timely warning will provide known details relevant to the situation and will comply with the Clery Act.

The Board of Trustees has adopted Statement No. 229 Prohibition of Firearms and Deadly Weapons which prohibits any person, except those persons authorized by law, from having a firearm/deadly weapon in their possession on the Mississippi Gulf Coast Community College premises. Those persons authorized to carry a firearm/deadly weapon on campus must report this fact to the respective campus police office.

The college has adopted and implemented an educational, assistance, and referral program for students and employees.

SEXUAL HARASSMENT

Mississippi Gulf Coast Community College, within its Policy and Procedure Manual, addresses sexual misconduct through its Statement No. 728 – Mississippi Gulf Coast Community College Statement on Sexual Harassment. The statement addresses the purpose and scope of the statement, college statement on privacy and confidentiality, reporting, definition of terms, resources and support, reporting sexual harassment, investigation of complaints, and student rights.

Mississippi Gulf Coast Community College is committed to providing an institutional environment where all persons may pursue their studies, careers, duties, and activities in an atmosphere free of threat of unwelcome and unwanted sexual actions. It strongly condemns sexual offenses, will not tolerate sexual offenders, and supports those who have been victimized. In response to any reported sexual misconduct, this institution will take all appropriate steps to eliminate the misconduct, prevent its recurrence, and address its effects.

Sexual harassment of any form is a violation of a person's rights, dignity, and integrity. An act of sexual harassment represents a fundamental failure by a community member to recognize and respect the intrinsic worth and dignity of another. Acts of sexual harassment are harmful and illegal and will not be tolerated at Mississippi Gulf Coast Community College. Such acts corrupt the integrity of the educational process, are contrary to the mission and values of the community and are against college policy.

In order to foster a climate that encourages the reporting of sexual harassment, Mississippi Gulf Coast Community College will respond promptly, fairly, and decisively to all reports of misconducts. Members of the college community accused of sexual harassment will be subject to the college's disciplinary procedures when the alleged incident has occurred on-

campus or when the incident has occurred off campus and materially affects the learning environment or operations of the college.

Cases of sexual harassment are serious violations of the college's student judicial code, faculty standards, and college employee policies. They are crimes under state law and punishable by fines and/or imprisonment. In addition, these actions are subject to civil suit for damage. Mississippi Gulf Coast Community College will carefully review and/or investigate all reports with an earnest intent to understand the perspective and experiences of each individual involved and provide for fair and impartial evaluation and resolution.

Mississippi Gulf Coast Community College is compliant with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act) as amended in 1998, which requires all post-secondary institutions to publish and distribute certain information regarding campus crimes, including reports of campus sexual assault, sexual assault policies and security programming to all current students, employees, and to any applicant who so requests.

PURPOSE AND SCOPE OF THE SEXUAL HARASSMENT STATEMENT

The purpose of the Sexual Harassment statement is to provide the Mississippi Gulf Coast Community College community with a clear set of guidelines regarding behavioral standards, as well as a common understanding of key concepts and definitions. This statement applies equally to all members of the college community: students, faculty, administrators, staff, contract employees, and visitors, regardless of race, sexual orientation, or gender. It is intended to guide and protect members of the college community who have been impacted by sexual harassment as a Complainant, Respondent, or Third Party.

REPORTING OPTIONS

Mississippi Gulf Coast Community College makes every effort to protect students' privacy and confidentiality. The College encourages complainants of sexual harassment to talk to somebody about what happened – so complainants can get the support they need, and so the College can respond appropriately. Different employees on campus have different abilities to maintain a complainant's confidentiality. Some are required to maintain near complete confidentiality; talking to them is sometimes called a "privileged communication."

This section is intended to make members of the college community aware of the various reporting and confidential disclosure options available to them – so they can make informed choices about where to turn should they become a complainant of sexual harassment. The College encourages complainants to talk to someone identified in one or more of these groups:

Reporting to Privileged Employees

Licensed Professional Counselors in the College's Enrollment Services Centers who provide mental-health counseling to members of the school community are not required to report any information about an incident to the Title IX coordinator, and/or Campus Police, without a complainant's permission. These employees are known as Privileged Employees. While these professionals may maintain a complainant's confidentiality from the college, they may have reporting or other obligations under state law.

A complainant who speaks to a Privileged Employee must understand that, if they want to maintain confidentiality, the College will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator.

Privileged Employees will still assist the complainant in receiving other necessary protection and support, such as victim advocacy, academic support or accommodations, disability, health or mental health services, and changes to living, working or course schedules. A complainant who at first requests confidentiality may later decide to file a formal complaint with the college or report the incident to local law enforcement, and thus have the incident fully investigated. Privileged Employees will provide the complainant with assistance if the complainant wishes to do so.

Reporting to Confidential Employees

Our Enrollment Specialists are considered Confidential Employees. Enrollment Specialists can talk to a complainant without revealing any personally identifying information about an incident to the College. A complainant can seek assistance and support from these individuals without triggering a College investigation that could reveal the complainant's identity or that the complainant has disclosed the incident. These employees are known as Confidential Employees.

While maintaining a complainant's confidentiality, Enrollment Specialists should report the nature, date, time, and general location of an incident to Campus Police and/or the Title IX Coordinator. This limited report – which includes no information that would directly or indirectly identify the complainant – helps keep the Title IX Coordinator and/or Campus Police informed of the general extent and nature of sexual violence on and off campus so the coordinator can track patterns, evaluate the scope of the problem, and formulate appropriate campus-wide responses. Before reporting any information to the Title IX Coordinator and/or Campus Police, Enrollment Specialists will consult with the victim to ensure that no personally identifying details are shared with the Title IX Coordinator and/or Campus Police.

A complainant who speaks to an Enrollment Specialist must understand that, if they want to maintain confidentiality, the College will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator.

Enrollment Specialist will still assist the victim in receiving other necessary protection and support, such as victim advocacy, academic support or accommodations, disability, health

or mental health services, and changes to living, working or course schedules. A complainant who at first requests confidentiality may later decide to file a formal complaint with the college or report the incident to local law enforcement, and thus have the incident fully investigated. Enrollment Specialist will provide the complainant with assistance if the complainant wishes to do so.

Reporting to “Responsible Employees”

With exception of college’s employees designated as Confidential or Privileged Employees, every individual employed by Mississippi Gulf Coast Community College is considered to be a Responsible Employee. A Responsible Employee is a college employee who has the authority to address sexual harassment, who has the duty to report incidents of sexual harassment as defined above, or who a student could reasonably believe has this authority or duty.

A Responsible Employee must report all relevant details about the alleged sexual harassment shared by the victim and that the College will need to determine what happened – including the name(s) of the complainant(s) and alleged respondent(s), any witnesses, and any other relevant facts, including the date, time and specific location of the alleged incident. To the extent possible, information reported to a Responsible Employee will be shared only with people responsible for handling the college’s response to the report.

Before a complainant reveals any information to a Responsible Employee, the employee should ensure that the complainant understands the employee’s reporting obligations – and, if the complainant wants to maintain confidentiality, direct them to confidential resources.

If the complainant wants to tell the Responsible Employee what happened but also maintain confidentiality, the employee should tell the complainant that the college will consider the request, but cannot guarantee that the college will be able to honor it.

Responsible Employees will not pressure a complainant to request confidentiality, but will honor and support the complainant’s wishes. By the same token, Responsible Employees will not pressure a complainant to make a formal complaint if the complainant is not ready to.

TITLE IX COORDINATOR

The oversight and implementation of this Sexual Harassment Statement is the responsibility of the Title IX Coordinator. Any person may report a complaint of sexual harassment, in person, by mail, by telephone, or by e-mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

The Title IX Coordinator for Mississippi Gulf Coast Community College can be reached by phone at 601.528-8735, by email at compliance@mgccc.edu, and/or by mail at Title IX Coordinator P.O. - Possession and/or burning of any type of material to include candles, incense or other open flame or open element devices is not permitted in the residence halls.

FIRE DRILLS

Mississippi Gulf Coast Community College conducts planned and supervised fire drills in each residence hall once (1) per semester. These drills are held in coordination with the Director of Resident and Student Life and Campus Police.

TRAINING

All resident hall staff are trained in all aspects of fire safety including fire extinguisher safety. Fire Safety classes are part of the residence life programming. The Campus Police Department conducts classes upon request on various fire safety topics.

Residence hall staff complete room and common area inspections at least once a month for fire hazard control. Prohibited items include:

- Halogen lamps
- Incense burners
- Candles/candle warmers
- Fireworks of any kind
- Open coil appliances
- George Foreman grills
- Electric frying pans

REPORTING A FIRE

Any person discovering a fire should immediately report the fire by calling 9-911 from a campus phone or 911 from a non-campus phone.

STUDENT HOUSING EVACUATION PROCEDURES

The instructions outlined below should be carried out as indicated upon notification by telephone, other communication systems or the sound of an alarm.

Each residence hall supervisor will be responsible for leading students to the appropriate designated places.

1. Turn light on and exit room.
2. Maintain silence, walk, and keep to the right in hallways and stairs.
3. Do not use elevator.
4. Evacuate by exits and open stairs at the end of the building. Interior center stairways should not be used.
5. Render assistance to the incapacitated persons. Check bathrooms, laundry rooms, etc.
6. Move to the area designated for your building.
7. Remain outside and in your designated area until a re-entry signal is given by the appropriate authority.

NOTE: PERSONS FAILING TO RESPOND DURING AN EMERGENCY EVACUATION WILL FACE DISCIPLINARY ACTION. PERSONS CAUSING A FALSE ALARM WITHOUT ANY REASON MAY BE SUSPENDED FROM THE COLLEGE.

FUTURE FIRE SAFETY IMPROVEMENTS

Mississippi Gulf Coast Community College strives to provide a safe environment for our students. The college seeks areas of improvement on a continuous basis. Fire safety improvements will be incorporated into current and future residence halls as necessary.
