SEXUAL ASSAULT

A sex offense is any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

What does this mean?

- Create/use a definition of consent that makes sense to you and your district. Make sure you can 1) explain it and 2) apply it.
- Make sure to include situations where consent cannot be obtained/given (ie. coercion, incapacitation) and clearly define those situations.

For purposes of this definition:

Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property.

Lesson 6: The Hearing: Questioning and Unique Circumstances

©Institutional Compliance Solutions 2020 All Rights Reserved

In the Hearing...

- Follow the Rules of Decorum!
- Know the facts/be prepared
- Help your party remain calm
- Be kind
- Ask appropriate questions
- Use an appropriate tone
- Ask follow up questions as necessary

©Institutional Compliance Solutions 2020 All Rights Reserved

Institution MUST "objectively evaluate all RELEVANT evidence."

Focus on evidence pertinent to proving whether facts material to the allegations under investigation are more or less likely to be true.

Not Relevant:

- Evidence about a Complainant's prior sexual history unless they are offered to prove that someone other than Respondent committed the sexual harassment, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with the respondent and are offered to prove consent
- Any party's medical, psychological, and similar records unless the party has given voluntary, written consent
- Information protected by any legally recognized privilege

©Institutional Compliance Solutions 2020.All Rights Reserved

Relevance

RELEVANCY

- Regulations do not prescribe rules governing how admissible, relevant evidence must be evaluated for weight or credibility.
- Institutions have discretion to adopt and apply rules about evaluation of evidence.
 - Rules must apply to both parties.
 - Ex: weight or credibility given to prior bad acts so long as applied equally to complainants and respondents.
 - Rules should be reflected in training materials and provided on website.
