A message from Dr. Mary S. Graham MGCCC President

Each year Mississippi Gulf Coast Community College is committed to student success, and we celebrate with students as they reach their educational goals. During the 2013-2014 school year, MGCCC has embraced a culture of innovation, so that our students may experience all the excitement that comes with change and new ideas.

We have come a long way from our beginnings as an agricultural high school and junior college — MGCCC now serves more than 10,000 students at nine different locations throughout a four-county district. Even now we continue to grow by reaching out into our community and partnering with the most cutting-edge businesses and organizations to give our students the best opportunities available.

I encourage you to stay connected to MGCCC in the future and help us to continue the legacy of commitment to the success of our students.

The Alma Mater

'Way down south there's a school that we all know,
Where the winds from the gulf doth ever blow.
'Mong the pines so stately and so tall
We listen to your call,
We love you best of all.
Fame was thine through the years of the past,
And we know thy name shall ever last.
Thou art noble, proud and true,
Oh, Gulf Coast, we all love you!

Typically, five students from each of the main three campuses are chosen for this team.

The adviser is Dr. Trevor Smith, Social Studies instructor at the Jefferson Davis Campus.

Jackson County Campus

When students arrived at the Jackson County Campus in fall 2013, the Reflections Team made sure they had a warm (and cold!) welcome by offering free hot popcorn and chilly sno-cones.

WELCOME TO JC!

Lagnaippe Day

Spring semester 2013 wrapped up with one of the biggest Lagniappe Day celebrations ever. More than 700 students and employees enjoyed a beautiful April day full of sunshine, crawfish, chicken and live music. The music started in mellow fashion with folk artist Jenn Grinels, then moved to a more rocking feel with Small Room 9 led by JC's own Rodney Mooney from the English Department. The Student Nurses Organization offered various health screenings during the event. Everything wrapped up with the Adventure Race, which sent pairs of competitors all over campus (including a MATH challenge).

Fall Cookout & Club Fair

The Courtyard was full of activity on Wednesday, September 4, 2013, for the Fall Cookout and Club Fair. More than 300 enjoyed free food and had the chance to visit booths set up by a dozen student organizations and find out ways to get involved on campus. Saxophonist and DJ Matt Corey returned to campus with a high-energy performance that appealed to a variety of musical interests.

THE BLOOD CENTER
Serving you for life!

Blood Drives

The Jackson County Campus continued the tradition of regularly scheduled blood drives in 2013-2014, with two drives each semester. With an average of 100 pints per drive, thousands of lives have been saved by the students and staff who donate.

Fall Decorations

Members of the Baptist Student Union and Student Government Association helped Jackson County Campus show its support for the city of Gautier's fall-decorations campaign. Each group took an entrance to campus and developed decorations incorporating the city's theme of "autumn on the bayou." The BSU decorations at the Gautier-Vancleave Road campus entrance featured a pumpkin-headed scarecrow in a kayak, while SGA used a bandana-bearing skeleton in a kayak at the Highway 90 entrance. The decorations went up the last week of September and were in place all of October.

Homecoming

The 2013 Homecoming Court was honored with a brunch at the Jackson County Campus on Friday, October 11. Special guests included family members of the court as well as Hall of Fame inductee Dr. Harold Pardue, who shared some inspirational advice with attendees.

During Homecoming Week, the entire Jackson County Campus had a chance to get into the spirit during the Homecoming Cookout and Pep Rally on October 17. Threatening skies sent the activities inside the cafeteria, where the Pep Band and cheerleaders visiting from Perkinston Campus led the pep rally.

Octoberfest

There's nothing better than a beautiful October day on the Mississippi Gulf Coast, unless it's friends, food, and a chance for fun and fellowship. That's what Octoberfest was like in 2013 at the Jackson County Campus. Approximately 500 enjoyed the food, music and games. Held on October 30, the day's entertainment included the traditional performance of the Loony Goonies to "Monster Mash" and the second annual costume contest. The day wrapped up with about 30 participants in the Zombie Run.

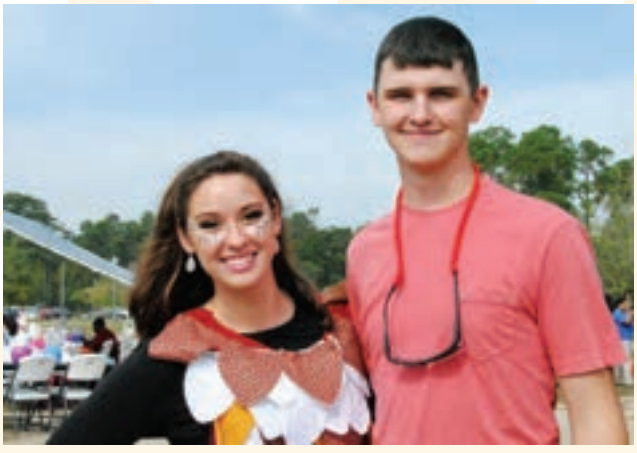

First Ever!

WOW! JC's first Trunk-or-Treat was successful beyond any initial goals. More than 1,000 trick-or-treaters were hosted on the Jackson County Campus Halloween evening by at least 18 "trunks" that were sponsored by student clubs, college employees, student families and several Gautier businesses.

The Trunk-or-Treat was organized by chairman Kelly Slater, a JC sophomore who serves as president of both the Student Government Association and Circle K. Other student groups heavily involved were Reflections Team, P-Tech Club and Phi Theta Kappa.

Veterans Walk

The Jackson County Campus held a One-Mile Walk/Run honoring veterans on Thursday, November 7, 2013. Various veterans' organizations set up booths, and St. Martin High School's AFJROTC Drill Team presented the colors and did a special presentation honoring POWs and MIAs. David Blackledge, Estuarine Education Center director, and Robert Sanders, assistant dean of Instruction for the Jackson County Campus, both spoke.

Glow Run

The Jackson County Campus held its first evening "glow" run on Tuesday, November 19, to benefit the American Heart Association. Dubbed "Glow Turkey Glow," the 5K run and walk took participants on a route throughout campus and ended with snacks and awards at the Outdoor Recreation Leadership Building. Approximately 35 braved chilly conditions to participate. The event was organized by Student Activities and Campus Recreation.

Gautier Christmas Parade

"A Merry Minion Christmas" was the theme for JC's entry in the Gautier Christmas Parade the first weekend in December 2013. Members of the Reflections Team and Student Government Association were joined on the float by Dr. Carmen Walters, campus vice president, and Dr. Pam Ladner, assistant dean of the Learning Resource Center. The "music master," as always, was Jason Poirier, Media Services technician.

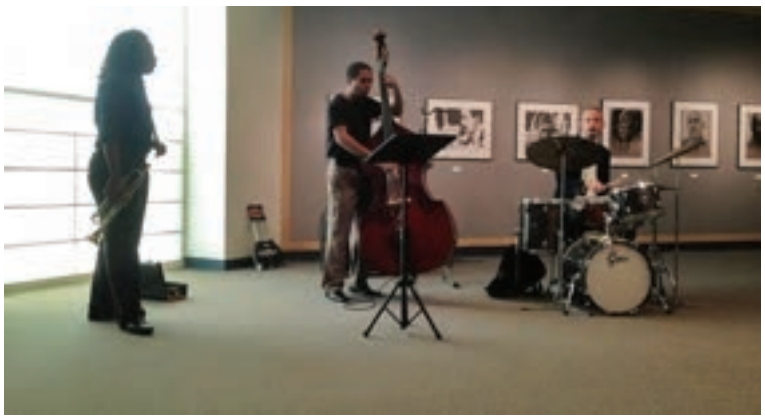

Art Gallery

The Fine Arts Gallery hosted numerous exhibits during the year, including the show "Twelve Bar Bridge," featuring the work of Mississippi State University art instructor Chad Anderson. Anderson is also an awesome jazz drummer, and he gave a great performance during his reception opening.

The second show of the fall was "The Practice of Daydreaming" by Kelsey Wishik. Kelsey is a former star student in the JC art department, and is now a senior at University of Southern Mississippi. She had an awesome show and gave a great presentation about her process to the students at the reception.

Freedom Walk

The eighth-annual JC Freedom Walk was held on January 15, 2014, in memory of Dr. Martin Luther King Jr. This event is held each year in tribute of the many walks that took place during the Civil Rights Movement. The Freedom Walk also kicked off a food drive to benefit the Bay Area Food Bank. Food was collected for several weeks following the walk, and the 114 pounds of food donated is estimated to provide approximately 87 meals to those in need.

Outdoor Recreation Leadership

The Outdoor Recreation Leadership program allows for recreational opportunities that take students on amazing, experiential journeys - skiing, snowboarding, sailing, canoeing, kayaking, backpacking and whitewater rafting. Students receive college credit for recreation courses as well as "hands-on" learning while exploring their natural surroundings and the great outdoors.

Club Fairs

Jackson County Campus student clubs and organizations held several Club Fairs during the fall and spring semesters to give the student body a chance to learn more about their activities. The first Club Fair held around the Clock Tower in conjunction with the Fall Cookout attracted hundreds of interested students.

Mr. and Miss Jackson County Campus

Sarah Irene Bayles & Jacob Lynn Byrd

Sarah, a 2012 graduate of East Central High School, is the daughter of Dennis and Jane Bayles. She plans to transfer to Mississippi State University as a major in medical technology.

Sarah was president of the Reflections Team and loved all of the experiences that came with being a part of the team. She received the Rex Moak Memorial Scholarship for science majors in 2013-14, and was a student worker in the Financial Aid office. She was elected Freshman Class Favorite and 2013 Homecoming Sophomore Football Maid.

Sarah says, "I chose MGCCC because I believed it was going to be a great transition from high school to the college atmosphere without a drastic change. Being able to be involved on campus has made attending MGCCC truly memorable. I will miss everything about this place. Attending MGCCC was one of the best decisions I've ever made. The special friendships I have made are those that will last a lifetime. I am grateful for everything I was able to experience while attending the Jackson County Campus."

Jacob, a 2012 graduate of East Central High School, is the son of Micheal and Mary Ann Byrd. He plans to attend Mississippi State University to pursue a degree in business management.

Jacob was an active member of the Reflections Team, which he said was one of the most unforgettable experiences while being at JC.

He says, "I chose to attend MGCCC because I was undecided about what I wanted to major in and figured MGCCC was my best bet to give me time to decide. I have enjoyed every bit of JC. The best decision I made was becoming involved with the Reflections Team. Being involved on campus definitely made my time here awesome, especially being able to meet new people and make lifelong friends. I cannot be more happy about choosing MGCCC."

Instructor of the Year 2013

DR. JORDAN SANDERSON
Jackson County Campus

Dr. Jordan Sanderson, language arts instructor at the Jackson County Campus, has been with the college since 2009. He has a doctorate of philosophy from The University of Southern Mississippi's Center for Writers. He has taught at Auburn University, as an Excellence Fellow at USM, and as an adjunct instructor at both Columbus State University and Pearl River Community College. He was the recipient of the Phi Theta Kappa Paragon Award for the Mississippi/Louisiana Region in 2012, the Higher Education Appreciation Day-Working for Academic Excellence (HEADWAE) Award for Mississippi Gulf Coast Community College in 2010, an Excellence Fellowship from 2005-2007 at USM and the Joan Johnson Award for Poetry, 2006, at USM.

Sanderson and his wife, Bree, have one child, Eli. Originally from Hattiesburg, Sanderson says he always enjoyed visiting the Coast when he was young, enjoying both the diversity and "vibe" of life near the beach. And while he is not an MGCCC alumnus, his father and two of his three uncles are. "I am happy that I finally made it to MGCCC because I had heard so much about how great it was," he says. "And it has lived up to its reputation because, for me, it has been a vibrant workplace. Of the places I've worked, I've never had better students, colleagues and administrators than those at MGCCC."

Serving as adviser to Phi Theta Kappa, Circle K (college Kiwanis), College Republicans and on the vice president's advisory committee at the Jackson County Campus, along with his full teaching schedule, Sanderson remains very busy on campus. He says that he is able to tackle his multitudinous responsibilities thanks to his colleagues. "My co-workers are like a second family. I couldn't ask for better colleagues. In addition to setting high academic standards and offering teaching advice, they take an interest in each other as people. It's also good that everyone in my department has a healthy sense of humor. Really, the Instructor of the Year recognition belongs as much to them as it does to me. I'm grateful to each of them."

Sanderson wants to help all his students, in both traditional and online classes, strive for and achieve excellence. "Any time a student's life improves, even if only incrementally, I'm happy. My goal for each day is to help other people whenever possible and try to create a legacy that my friends, my family and I can be proud of," he says.

CHLOE SHARP
Jackson County Campus

Chloe Sharp, secretary in the Career/Technical Department at the Jackson County Campus, has worked at the college for five years. She is an MGCCC alumna and has her Bachelor of Science degree in business administration from The University of Southern Mississippi. A lifelong Mississippi resident, she says her parents decided to move to Mississippi after hearing a preacher in Weisbaden, Germany, while they were in the Air Force.

As for her job, she says she feels strongly about the opportunities MGCCC offers students. One incident in particular made her realize how important her job was. "I recall one day that an instructor came into our office and announced that one of his students had recently been hired at a local industry and would be paid at a rate higher than many ever reach, after years on the job. I had to stop and think, 'My word, we're training our students to go into the workforce, empowered with the skills and knowledge to demand this much pay? That's incredible! Right here on the Mississippi Gulf Coast, we are changing lives!' What a jump start, what a thrill, that in just two short years, we can take a high school graduate and turn him or her into a highly skilled and trained individual, ready to work in our community. It's stories like this that energize me to do my job even better for the college."

One of Sharp's goal is to continue to help the instructors in her department as much as possible. She says that one of the most important things she does is to listen to them. "I need to know exactly what they need, and they depend on me to help them to do their jobs from making their schedules to ordering lab supplies. I strive to perform my duties well, so that all continues to run smoothly. We are all vital components in the process of training out students and empowering them to become productive members of our community. Each of us holds a position that is needed to make that happen. I just want to do my very best to help that success persist."

Instructor of the Year 2013

SANDRA HALAT
Jefferson Davis Campus

Sandra Halat has been a visual arts instructor at the Jefferson Davis Campus for more than 10 years. During that time, she has taught thousands of students, been the recipient of Phi Theta Kappa's Most Distinguished Alumni Award in 2012 and a National Endowment for the Humanities grant (2011). She has served as a board member and scholarship chair for the Mississippi Art Colony, is an active member of the MGCCC Faculty Association, received a major commission for a mural in the Mary C. O'Keefe Center (2005) and paintings for the Singing River Medical Facility in Pascagoula (2011). Halat has taken art workshops with master instructors at The University of Mississippi, Mississippi State University, Parson School of Design, Pratt Institute of Art, Chicago Institute of Art, Pennsylvania Warren Wilson College, Asheville North Carolina, Mississippi Art Colony and the Vermont Studio School. She also attended art workshops in Tuscany and the Amalfi Coast in Italy (with Professor Emeritus Hugh Williams of Auburn University) in 2009 and 2011.

"I am a teacher first and an artist second, but I have found that the best way to teach my students about art is to not only be active in my own art but to continue learning new techniques and trends in the field," Halat says. "I want my students to have the same passion, desire and dedication I have for art, and to encourage them to this, I have to constantly push myself to new levels. " She adds that passion, desire and dedication are vitally important to success in the world of art. "I try to emphasize the point that knowledge is power. No matter how much a student thinks he or she knows it is never enough. I am a true believer that any subject, including art, can be taught and learned. All you need is the desire, the persistence, and most of all, the passion for the subject."

Halat, who is an MGCCC alumna, received her Bachelor of Fine Arts degree at the University of North Carolina in Asheville and her Master of Fine Arts degree at the University of North Carolina in Greensboro. She has received numerous awards for her art, including Best in Show and the Award of Excellence from the Singing River Art Association in 2004, Exceptional Merit and Awards of Excellence from the Ocean Springs Art Association competitions in 2001-2010, the 2011 Award from the Ocean Springs Juried Art Association competition, and inclusion in the Mississippi Art Colony Traveling Shows in 2001.

GEORGE MCCREARY
Jefferson Davis Campus

George McCreary, the assistant supervisor for Housekeeping at the Jefferson Davis Campus, has worked at the college for 30 years, and he is a native of Gulfport. His wife, Lacey, is the support specialist in the Computer Center located on the same campus. They have four children and four grandchildren.

"I was surprised when I got the call from Dr. Graham," he says. "I appreciate being nominated for the award, but I'm honestly just glad to have my job here. I really enjoy what I do and my coworkers and friends at MGCCC have always been good to me."

A man of few words, McCreary is passionate about his job. He feels what he and his coworkers do in the Housekeeping Department is vital to the college's mission. Operating as an efficient team, he says they work very hard to ensure students and visitors feel good about the college. "Our students want to feel welcome at the college, and what our department does is a big part of that. It's really the first thing people notice when they walk in a building. Plus, anytime I deal with students or employees, I try to make them feel good about being here, treating them with kindness and respect. I believe you have to talk to people the way you want to be talked to. Living by that philosophy has made my life easier and much more pleasant.

"There's always room for improvement and to be more efficient. I constantly look for ways to do just that. Working here and with the people I work with every day is truly a joy. I just want everyone to feel that way."

"Working here and with the people I work with every day is truly a joy. I just want everyone to feel that way."

Mr. and Miss Perkinston Campus

Kaitlyn Benton & Benjamin St. Cyr

Kaitlyn, the daughter of Wayde and Tracey Benton, is a Gulfport native and a 2012 High Honors graduate of West Harrison High School. As a freshman at Perk, she joined Phi Theta Kappa (PTK); was Perkinston Campus Homecoming maid; was historian for the Reflections Team; and was elected as Freshman Class Favorite. As a sophomore, she continued to serve as Reflections Team historian and was chosen as historian for PTK. She was also chosen as president for the Campus Activities Board and as a member of the Student Government Association. A sophomore Homecoming Maid and a member of the All USA Academic Team, she also worked the Wellness Desk in the Student Center.

Kaitlyn is a member of Michael Memorial Baptist Church and serves as an assistant director of the nursery. A secondary education major with an emphasis in English, she hopes to transfer to USM's Gulf Park Campus to earn a bachelor's degree. After USM, she hopes to teach at a Harrison County high school while working toward a master's degree. Ultimately, she hopes to one day teach English at an MGCCC campus.

The son of George and Sandra St. Cyr, Ben is a 2012 Advanced Honors graduate of St. Martin High School. At Perk, he was a member of the Reflections Team, Student Government Association (SGA freshman class president), Campus Activities Board (CAB), Honors College and Choir. He was also a drum major for the Band of Gold and a resident assistant. During his freshman year, he was inducted into Phi Theta Kappa (PTK) and chosen as Freshman Class Favorite. As a sophomore, Ben served as president of Reflections and SGA; Public Relations secretary for PTK, councilman of CAB, and head drum major. He was also a student worker.

Ben is a member of New Life Family church, volunteering in the nursery and café. After graduating from MGCCC, he will attend St. Ambrose University in Davenport, Iowa, to receive a bachelor's degree in public relations and strategic communications. Afterward, he will pursue a master's degree in college student personnel from Western Illinois University. He hopes to have a career as a dean of students, possibly at MGCCC.

LESIA MCCARROLL
Perkinston Campus

Lesia McCarroll is the Financial Aid office manager at the Perkinston Campus. Her job is one of the toughest on campus and has a huge impact on the lives of the students she deals with each day. Key to getting her job done, she says, is commitment, communication and being considerate.

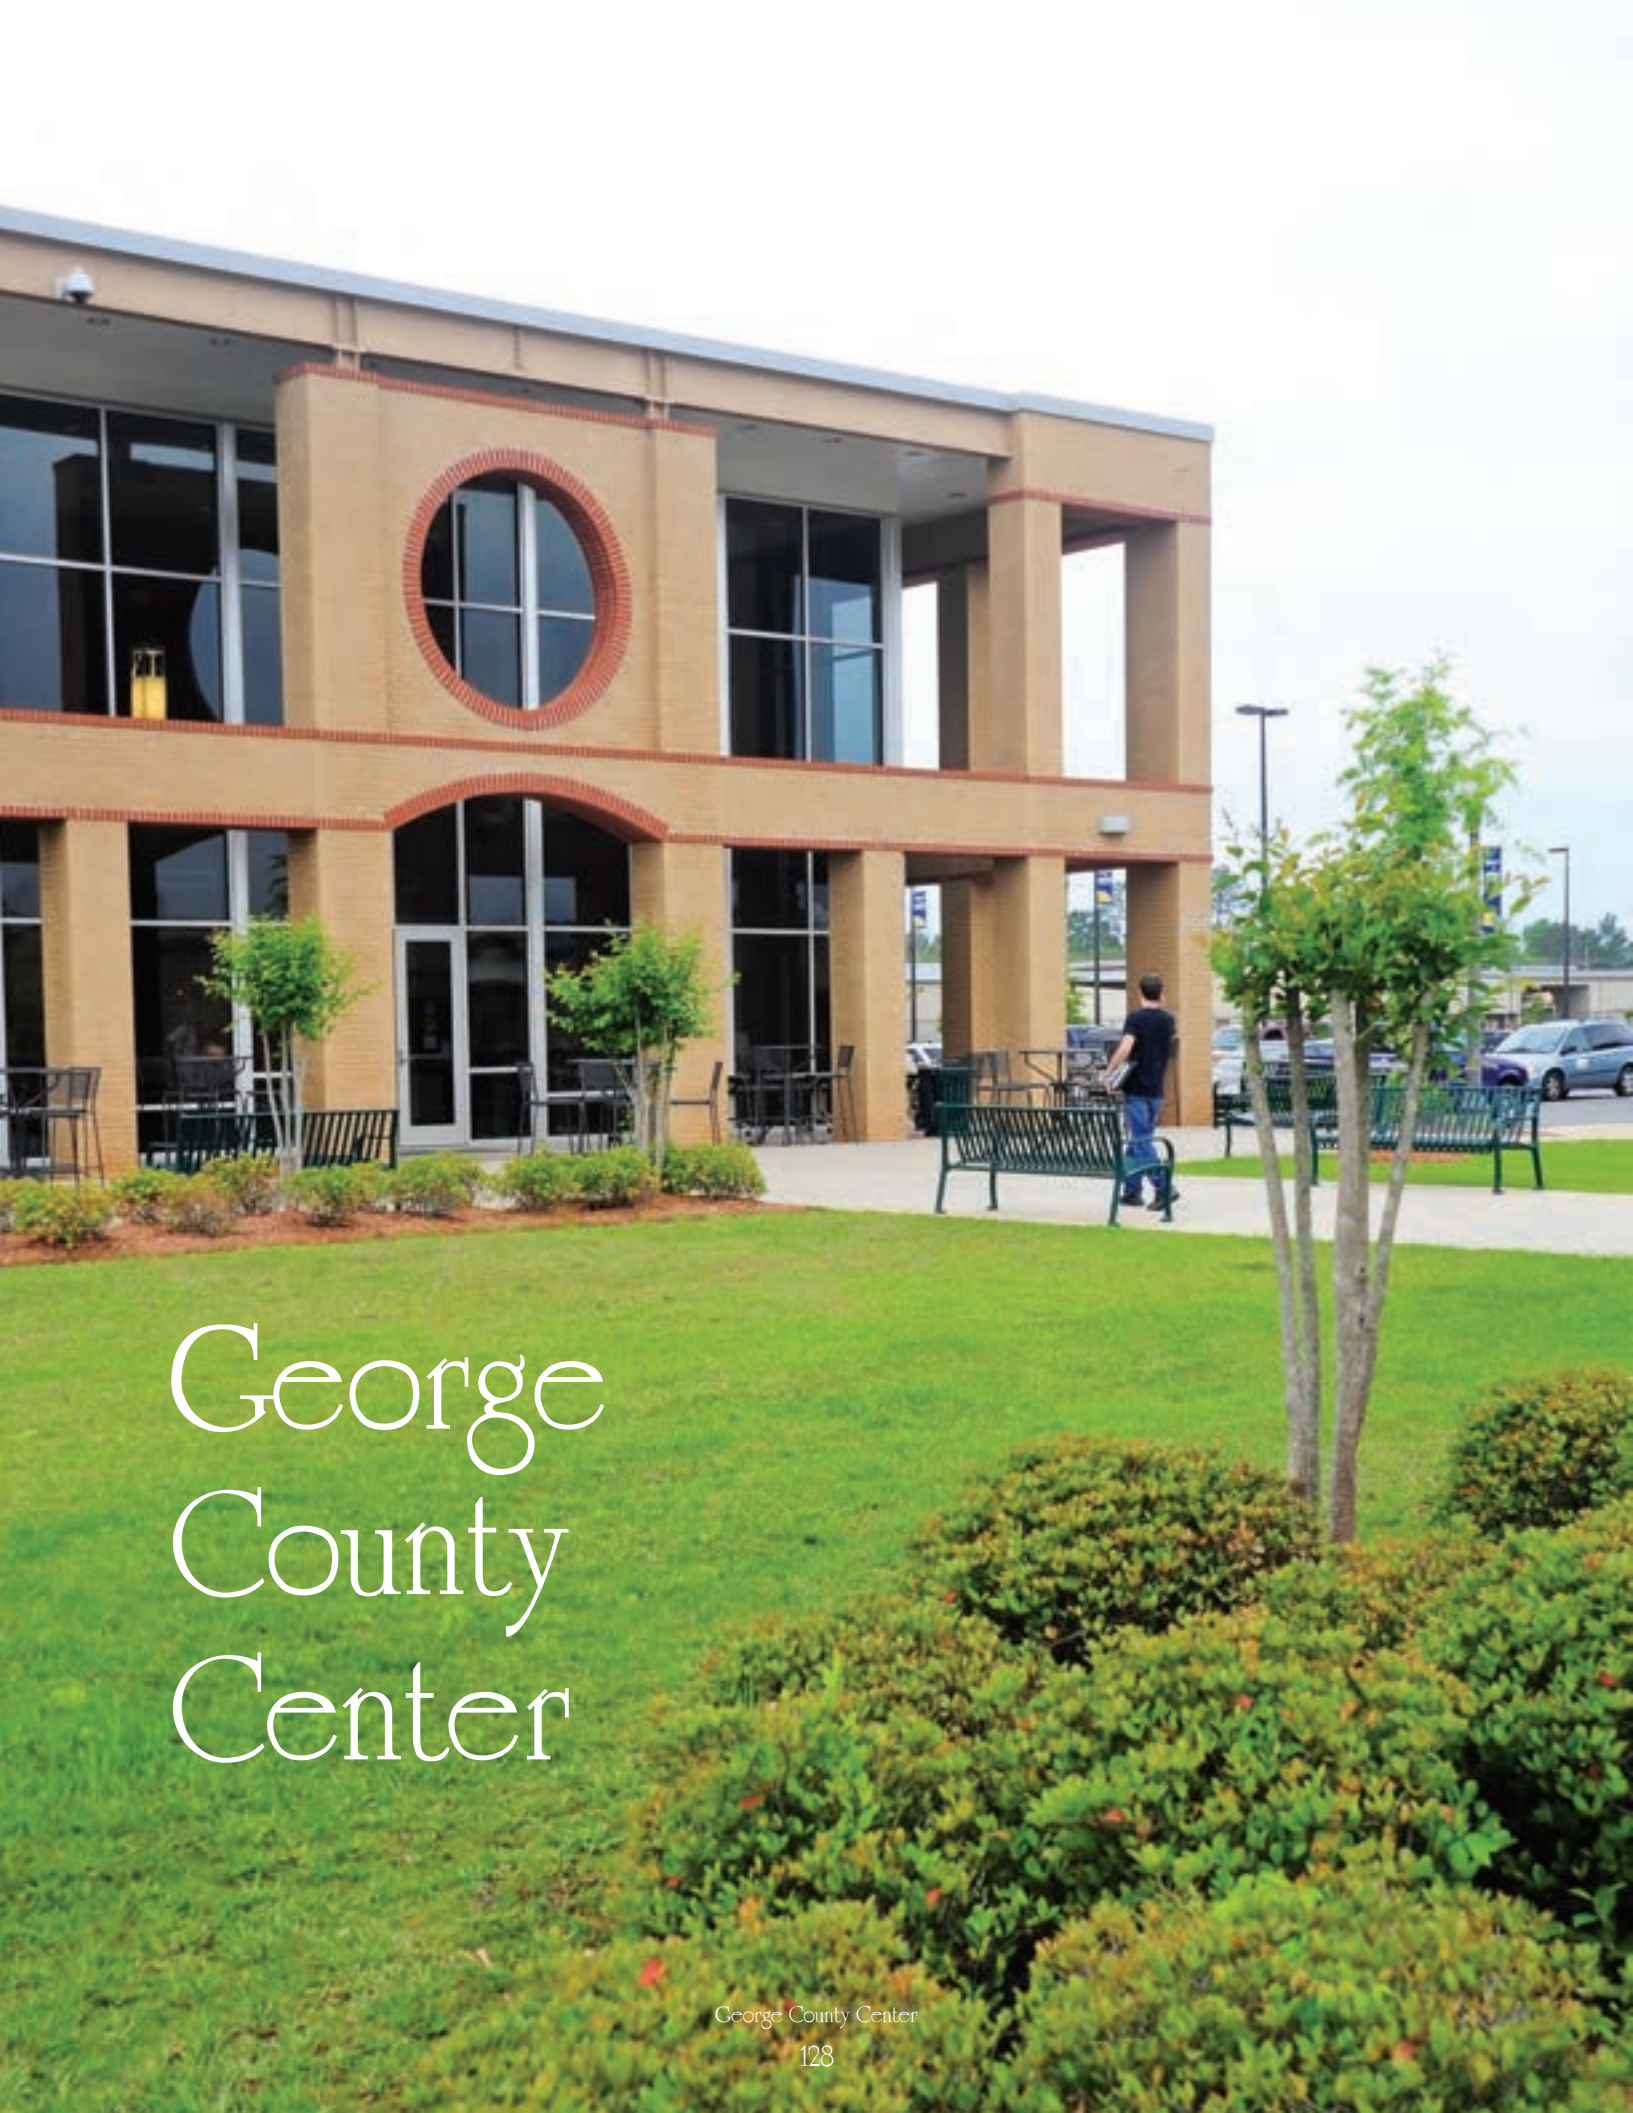

"Probably the most important skill we have to have in our department is being good listeners. We need to make our students feel like their needs are our main focus and that we are going to do anything we can to resolve their issues. Then, we just have to follow through on that and make sure we help them get what they need to attend college and be successful."

After 10 years on the job, McCarroll knows a thing or two about making the system work for students. She says that many students are confused by the federal regulations and paperwork they must fill out for financial aid. "One of my most memorable experiences is a student who did not want to attend college at all. His parents forced him to make a choice between college and the military. He was so upset, had not applied for any financial aid, had a bill in his hand and just wanted to give up. I told him if he would gather the financial material for his financial aid, I would be committed to processing it. I only asked that he give college a try for one semester. He accepted the challenge and did great his first semester. He eventually become a veterinarian. He calls periodically just to let me know much he appreciates my not giving up on him."

An MGCCC alumna, McCarroll has been married to Willie for 27 years. He is also an MGCCC alumnus, as are sons Jeremy and Grant. Their youngest son is Blake, 18. She says that her coworkers are also part of her family because they are a "great group of ladies that all work well together, communicate well, and most importantly, get along. Because of them, I wake up every day ready to come to work. That's truly a blessing for me."

"We need to make our students feel like their needs are our main focus and that we are going to do anything we can to resolve their issues."

CHRIS PIERCE HOENKE
District Office

Chris Pierce Hoenke, payroll specialist in the District Office on the Perkinston Campus, is a lifelong resident of Wiggins and an MGCCC alumna. She says her co-workers tease her by saying she knows everyone in Stone County, where they live and what they drive. And after 18 years at MGCCC, she knows almost as much about the people who work at the college.

"I try to go the extra mile for everyone because I want employees to feel confident in the service that I provide to them. I also want to let them know that I care about their issue at hand. I think a good working relationship is when employees know that they can call me, and I will give them the answers that they need and that I can keep their information confidential. I strive to treat everyone with respect and compassion."

Hoenke, the mother of daughter Taylor, 20, and son Logan, 16, says that while she doesn't have to work with students in her job, she has one attending college. "I can tell you from her experience that she's always looking for a smiling face and someone who is willing to explain in detail what she needs. The students want and need an easy transition into college life, and our employees truly give them the extra care and attention they need."

A graduate of the MGCCC Leadership Program, Hoenke has many plans for her future, including pursuing a bachelor's degree.

For now, she continues to enjoy her job day after day. "I enjoy my job and all its aspects, but probably the best part of it is processing retirement paperwork. I love to see the glow on the employees' faces as they talk about their plans after retirement from MGCCC," she says.

"I try to go the extra mile for everyone because I want employees to feel confident in the service that I provide to them."

Graham, MGCCC president; and the Honorable Steven Palazzo, Mississippi's 4th Congressional District.

MGCCC and Ingalls Shipbuilding held a ribbon-cutting ceremony for the Haley Reeves Barbour Maritime Training Academy located on Jerry St. Pé Avenue in Pascagoula on November 6, 2013. The 75,000-square-foot facility will be operated as a partnership between Ingalls and MGCCC for apprenticeship training.

The facility will graduate a significant number of associate degree recipients in Maritime Technology. Classes began at the facility in January 2014.

Apprentices take two classes each semester tuition-free over the course of their four-year apprenticeship program. Ingalls pays the cost of training for these students.

Funding for the center was provided through a $25 million post-Katrina discretionary grant from the state. The apprenticeship program offered as a partnership between Ingalls and MGCCC has been in place since 1959 and is the oldest apprenticeship program in the state.

On November 20, 2013, MGCCC president Dr. Mary S. Graham, joined by Governor Phil Bryant and other state and local leaders, announced that the college had approved building a new Nursing and Simulation Center at the health care zone located on Highway 67 at Tradition. It will be MGCCC's 10th location within its four-county district.

This new complex, once completed, will double the number of nurses who will graduate from MGCCC's Associate Degree Nursing program and will provide an easy transition to both the School of Nursing programs at The University of Southern Mississippi and William Carey University through articulation agreements already in place between the institutions.

Funding sources for the complex include $12 million in Katrina Community Development Block Grant funds (KCDBG funds), a $1.5 million land donation from Tradition, and $2 million from MGCCC for the equipment for the complex and other project costs. Tradition will match the KCDBG funds with an additional $12 million of private funds in housing construction for students of MGCCC and William Carey University.

Tradition will donate the rights of way to the county for the roads and utilities to serve MGCCC and student housing. Tradition will also commit to MDA that it will be responsible for causing the Tradition Health Care Industry Zone (created under House Bill 722 in the 2013 Mississippi Legislative Session) to produce a minimum of $70 million in investments in capital improvements over the next five to 10 years. That time frame is projected to produce 2,500 new, permanent jobs in health care institutions and businesses.

MGCCC wins Halbrook Award for second year

Julie Butler

Michael Gilbert

Mississippi Gulf Coast Community College has been named the winner of the annual Halbrook Award for having the highest graduation rate among all of Mississippi's community college athletic programs. The college was presented the award on October 22 during the Mississippi Association of Colleges and Universities Conference (MAC) at Hinds Community College's Eagle Ridge Conference Center in Raymond.

MGCCC, which has more than 200 student-athletes, produced a graduation rate of 98 percent for the 2012-2013 school year.

Two MGCCC athletes were also recognized for having the highest averages for athletics at MGCCC during the 2012-2013 school year. Softball player Julie Butler and baseball player Michael Gilbert were recognized along with 28 other community college students. Students from public and independent colleges and universities were also recognized.

The Halbrook Award was established in 1984 by the state Legislature and was set up to recognize colleges that achieve high academic standards and to encourage high graduation rates. For the past two years, MGCCC has maintained a 98 percent graduation rate for student athletes and has held the top ranking for the state's 15 two-year colleges both years.

"This award is a real tribute to our student-athletes and what they are able to accomplish on and off the field," says Dr. Mary S. Graham, MGCCC president. "It is a reflection of the commitment our coaches and assistant coaches have to education as well as the dedication of our faculty members who strive to provide these athletes the opportunity for success in the classroom."
