A message from
Dr. Mary S. Graham, President
Mississippi Gulf Coast Community College

Mississippi Gulf Coast Community College is committed to student success, and we celebrate our students as they reach their educational goals. The 2015-2016 academic year was a banner year, with the college experiencing growth on all of its campuses including the start of construction of its 10th location, the Nursing and Simulation Center at Tradition. As MGCCC looks to the future, we proudly credit our alumni and current students as the solid foundation the institution is built on. Without you, we could not accomplish all that we do.

The college is committed to giving students the best possible opportunities for success, and degree completion and training in high-demand fields are crucial components of that success. MGCCC continues to be recognized as one of the nation's leading community colleges. In 2016, MGCCC was named a top associate degree producer in the nation for the 13th time since 2002. It was also named Great College to Work For, STEM Jobs Approved College, Military Friendly School, and a Fit Friendly Workplace.

Offering students a world-class education is our primary goal at MGCCC. We achieve that by working diligently to hire the best instructors, maintain state-of-the-art facilities and keeping tuition rates at an affordable rate for students. The fact that we continue to be ranked so highly at a national level is a testament to that commitment. It is also a testament to the successes of our outstanding students. You make us great!

If you are graduating this year, we hope that you stay involved with MGCCC through the Alumni Association. We want to hear about your future successes and we want you to help us make MGCCC even better for future generations. To find out more about staying connected with us, visit the Alumni page at mgccc.edu.

Thank you all for a great year at MGCCC and for helping us make a positive difference in our community!

The Alma Mater

'Way down south there's a school that we all know,
Where the winds from the gulf doth ever blow.
'Mong the pines so stately and so tall
We listen to your call,
We love you best of all.
Fame was thine through the years of the past,
And we know thy name shall ever last.
Thou art noble, proud and true,
Oh, Gulf Coast, we all love you!

Mississippi Gulf Coast Community College celebrated its 2016 Homecoming October 20-22. The three-day celebration boasted events that included a dinner and awards ceremony for the Athletic and Alumni Hall of Fame, Sam Owen, Spirit of Gulf Coast and Bulldog Hall of Honor honorees on Thursday night at the IP Casino Resort in Biloxi. The annual Clem Dellenger Golf Tournament was held at Hickory Hills Country Club in Gautier on Friday, followed by reunion celebrations for the Band of Gold and Perkettes and the 1966 and 1986 football teams at the Golden Nugget Casino in Biloxi. On Saturday, the celebration was at its peak with a full day of activities on the college's Perkinston Campus. The day included a pep rally, alumni art show and children's art activities; a commemorative service at Gregory War Memorial Chapel; a cookout; a special archives exhibit; and pre-game and halftime activities at A.L. May Memorial Stadium.

"Homecoming places a spotlight on our alumni – from those being honored in the Athletic and Alumni Hall of Fame to those who visit and enjoy our annual reunions," said Dr. Mary S. Graham, MGCCC president. "It is also an opportunity to see our current students in action as the Bulldog football team, cheerleaders, Band of Gold, Perkettes and Homecoming courts from each campus participate in the day's events. Most importantly, it is a time when our MGCCC family –our alumni, students, and employees– can visit with each other and be reminded what an incredible institution we have and what a positive impact it makes in our communities." During the halftime show, the maids and queens for each of the three main campuses were announced.

Mr. and Miss Jackson County Campus

Jade Richardson

Jade Richardson, the daughter of Bradley and Lorena Richardson, graduated from East Central High School in 2015 with Highest Honors and in the top ten percent of her class. While attending JC, Jade was an active member of Honors College, Phi Theta Kappa, Student Government Association, and Campus Activities Board. She served as the Regional Reporter for the Mississippi/Louisiana Region of Phi Theta Kappa as well as the Social Marketing and Communications Coordinator for the Pi Epsilon Chapter of Phi Theta Kappa here at the Jackson County Campus. She was elected as Sophomore Class President and Historian for Student Government Association and the VP of Publicity for the Campus Activities Board. She was also elected as a Freshman Homecoming Maid, Freshman Class Favorite, and Sophomore Homecoming Queen.

After graduating from MGCCC, Jade plans to transfer to the University of Mississippi to pursue a degree in broadcast journalism. Once completed, she hopes to work for a major news network and report on issues that she is passionate about.

Jade says, "When I made the decision to enroll at MGCCC, I was unaware of how drastically it would change my life. Being a student at JC has brought me out of my shell and pushed me out of my comfort zone. Some people may be intimidated when it comes to uncomfortable situations, but when you're uncomfortable, you grow. I have personally grown tremendously throughout my time here in more ways than one. MGCCC has given me the opportunities to travel, meet new people, and strengthen my leadership skills. I am truly thankful for everyone I have met at this campus, and I encourage everyone to not only come to school here but also get involved."

Jacob Holden

Jacob Holden, the son of David Holden and Felicia Holden, graduated from East Central High School in 2015 with Honors. During Jacob's time at JC, he was an active member in Honors College, Baptist Student Union, Student Government Association, and Phi Theta Kappa. Jacob served as the Presentation Director for JC's PTK chapter- Pi Epsilon.

After graduating from MGCCC, Jacob will transfer to Mississippi College to pursue a degree in communications with a focus in Public Relations. He also hopes to minor in graphic design. With this degree, he hopes to find a career where he can put his communication skills to use as well as apply his artistic abilities.

Jacob has loved his experience at MGCCC. He says, "I came to MGCCC because it made the most sense. I was not sure what I wanted to do career-wise, so I knew JC would be convenient financially while I discovered what I was passionate about. I have been able to become extremely involved across campus and make relationships with those I would have not considered previously. With the leadership positions I have taken, I have been pushed to grow in many areas. These skills leave me a bit more at ease as I continue my academic journey." Jacob would like to thank all of his instructors for guidance and most importantly their patience.

Jackson County Campus Instructor of the Year Dr. Javier Gomez

Dr. Javier Gomez is a language arts instructor at the Jackson County Campus, and has been with MGCCC since 2012. He teaches Japanese and Spanish at the Jackson County Campus and Spanish for shipbuilding at the Maritime Academy at Ingalls.

"To have a wonderful, professional working relationship, I think the key is sharing knowledge," he says. "We all have different styles of teaching. We use different tools, technology tools or non-technology tools. I think if we share with our colleagues, not only in our departments, but also colleagues from other curricular areas, we develop a better professional working experience."

In 2013, he was selected as the Humanities Teacher of the Year for the Jackson County Campus, representing the college at the state Humanities Council Public Awards Ceremony. His presentation for the Humanities Award was "Making Global Connections with Canvas Computing."

"If we communicate more with other instructors from other departments, we can adopt what they do in the classroom; tweak it to fit our teaching area and develop an ongoing rapport," Gomez says. "Many times teachers teach in isolation. That's what I'm trying to promote, that we shouldn't be in isolation. What works for me, can work for you, with just a little adaptation. What works for you, may work for me. Let's continue the conversation."

Gomez received his Bachelor of Arts degree from The University of Florida and his Master of Arts degree in Teaching Languages from The University of Southern Mississippi. He received his doctorate in Instructional Technology and Design from USM in 2016, receiving the Instructional Technology Academic Achievement, Ph.D. Program Award.

Marvin Collins Jackson County Campus Difference Maker

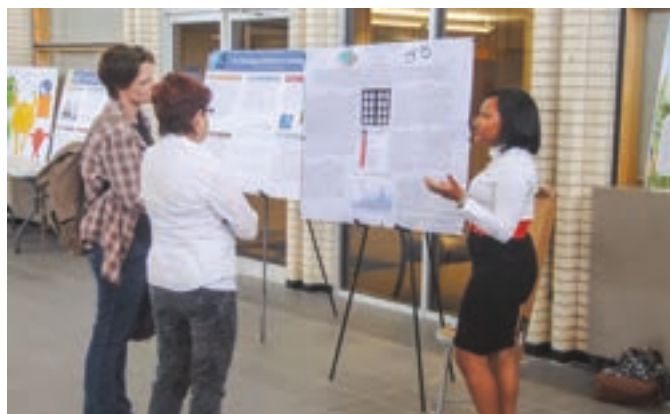

Marvin Collins, of Gautier, is one of the happiest, friendliest faces visitors, students and employees see each day at the Jackson County Campus. Alternating between maintaining campus vehicles and keeping up the grounds, Collins makes contact with most of the people on the Jackson County Campus.

"I try to keep a smiling face," Marvin says. "I try to see what they need and try to help them with it. I try to treat them like adults. People love to see person smiling. They'd rather see someone smiling than someone looking mean. If a student sees you smiling, they are more likely to ask you something if they need some help than they would if you look like you were mean and mad at the world. You never know when your smile may help someone feel better. You don't know what somebody's going through that day."

Collins has worked for MGCCC for eight years. He and his wife Pernecia live in Gautier and attend the Kingdom Hall in Vancleave. He spends a lot of his spare time helping the elderly people in his neighborhood.

Before coming to MGCCC, she worked for 26 years with Pearl River Valley Opportunity Head Start and for eight years at the Mississippi Forum on Children and Families.

"It is important that instructors stay abreast of new scholarships and technology in the area in which they teach and in related areas," she said. "As an instructor, I am always learning new things, always researching, and I serve on as many committees and network with my peers and experts in my field as often as I can. Our students deserve for us to be at the top of our game."

Early Childhood Education Technology program maintains a Five-Star Quality Rating Award, the highest in the state.

SYLVIA DAVIS Perkinston Campus Difference Maker

Sylvia Davis, who retired as Athletics secretary at the Perkinston Campus in summer 2016, saw it all in the 22 years she worked at the college. But being named the 2016 Difference Maker was a surprise.

"So many people do just as much as I did here," she said. "MGCCC has so many great employees, and they all go the extra mile for our students."

The college was family to Davis. "My mother attended school here, as did I and my daughter," she said. "MGCCC has pretty much been a part of my life since day one, and going to work there just felt like coming home."

Extending that feeling of family to all the people she came in contact with each day made Davis's office a busy spot. Coaches, students and others came in and out of her office as she worked at her computer. She always had a hug and advice or a funny story to tell them that brightened their day.

"Dr. Graham told me a long time ago, early in my career here, that we should treat our students as we would want our children to be treated when they attend college," she said. "I've never forgotten that and I always kept that at the forefront of my mind when I dealt with students, and really, with staff as well."
